Khloe Ottoman in Performance Leather 'Caramel'

— Khloe —

This handcrafted leather ottoman features a stylish button-tufted design, making it a chic addition to any living room, office, or bedroom.

The ottoman is constructed using a technique called sewn-in or blind tufting, where the tufting is done from the rear, eliminating visible buttons.

This technique is known as "pinched" and results in a flange that serves as an anchoring point for the tuft, pulling it into the padding and securing it to the frame.

Creating a piece like this requires skilled craftsmanship, which is evident in its overall luxurious appearance.

Hand-crafted with care, constructed with quality timbers and foams, the Khloe is sure to stand the test of time and comes with the Plush 10 Year Peace of Mind Warranty®.
