Newtown 3 Seater with Electric Recliners & Headrests in Veneto Leather 'Elephant Grey'

Plush[®] think sofas

— Newtown —

Plush offers one of its deeper seat powered recliners, designed to provide an exceptional seat depth expansion of 62 cm, which surpasses the typical 55-58 cm depths found in standard recliner-operated sofas.

Newtown is an ideal choice for customers seeking a more spacious and comfortable seating experience. Additionally, its sleek and clean lines appeal to those who prefer a modern aesthetic without sacrificing comfort.

For an even tidier look, the button used to operate the recliner is conveniently placed down the side of the seat, ensuring that the overall design remains uncluttered. The detailed stitching adds a classic touch, balancing the contemporary design with a hint of timeless elegance.

Built on a solid wood frame, this recliner is constructed with no-sag sinuous springs and is filled with a high-quality foam core, ensuring both durability and comfort.

Overall, this piece offers an inviting blend of style and functionality, perfect for any modern living space.

Hand-crafted with care, constructed with quality timbers and foams, the Newtown is sure to stand the test of time and comes with the Plush 10 Year Peace of Mind Warranty®.
